

# Pennsylvania Envirothon Adult Release/Medical Form

Pennsylvania Envirothon is registering teams competing at the state competition, through an online registration process. The online registration will ease the registration process for all participants (students, coaches, advisors, chaperones, volunteers) and will provide the Pennsylvania Envirothon Registration Committee with accurate participant information. In turn, this will reduce the amount of time spent on collecting and sorting the registration information.

The information entered by the team’s coach, advisor, or chaperone to register a team to compete in the Pennsylvania Envirothon state competition will be available to the Pennsylvania Envirothon’s Registration Committee. It will not be shared with third parties.

In order to participate in the Pennsylvania Envirothon state competition, the following information must be completed by all participants (students, coaches, advisors, chaperones, volunteers) and submitted electronically during volunteer online registration. *Please complete all information and sign where requested!*
